Urban Designer

Associate/Senior Associate

Do you have a talent for connecting design, landscape, and planning into cohesive urban environments?

We're looking for an urban designer with bold ideas and a passion for creating places that matter, to join our urban design and landscape architecture team.

Barker & Associates Limited (B&A) is a leading specialist planning and urban design consultancy with offices throughout New Zealand with an exciting opportunity for you to join our dynamic and growing design team. You will work on a diverse and expanding range of projects throughout New Zealand, supporting our nationwide client base.

The position will ideally be based in our Auckland office, but we will consider suitable candidates in other locations.

Applications will be treated in strict confidence and considered in the order they are received, so early applications are encouraged.

If you have any questions about the role please contact:

Key attributes we are seeking include:

- + A post-graduate degree in Urban Design
- + A minimum of 8 years' experience in an urban design role. Some urban design experience as part of RMA processes (e.g. presenting expert evidence at hearings) is also preferable
- + A high degree of computer literacy and proficiency with relevant software products (including at a minimum Microsoft Office, Adobe Creative Suite, CAD / Sketch-up)
- + Excellent visual presentation skills
- + Strong assessment and report writing skills in line with UDIA practice notes and other best practice guidance
- + Proactive approach with the ability to manage personal workload, work efficiently and deliver within timeframes

What B&A can offer you:

- + A competitive salary
- + Flexible part-time or full-time work options
- + Career development and opportunities to work in particular fields of interest
- + A supportive & positive working environment
- + A wide range of challenging and exciting projects
- + Ongoing professional training and mentoring
- + A fun and friendly culture with a team who love their work
